

ESCAPE FROM THE STORYBOOK OF DOOM

SOLUTIONS

PUZZLE 1

Solution Number: 5

There will be 5 slices left for Big Dave.

There are 32 slices of cake.
 $30 - 8 = 22$ (for the invited children)
 $32 - 22 = 10$ (slices left)
 2 (slices for the dogs + 3 (slices for Little Dave) = 5
 10 (slices left so far) - $5 = 5$ slices left for for Big Dave.

PUZZLE 2

Solution Number: 7

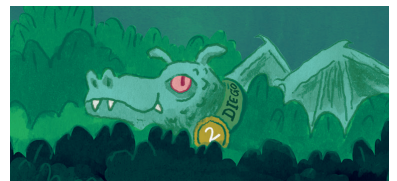

The route you take from the Haunted Bush to the Way Out, avoiding the giants makes the number 7.

PUZZLE 3

Solution Number: 2

The number 2 can be seen on Diego's collar.

PUZZLE 4

Solution Number: 6

The imposters were Xena, Steve and Imelda. The first letters of their names, rearranged, spell out six.

PUZZLE 5

Solution Number: 4

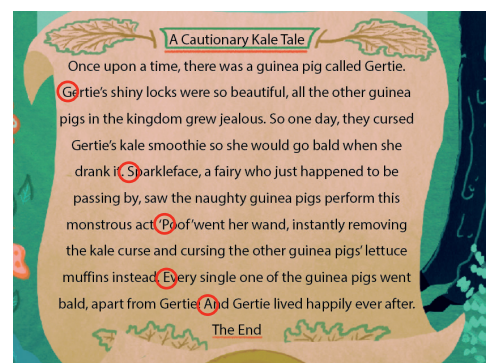

There are 4 differences between the pictures.

PUZZLE 6

So the code numbers are 5 7 2 6 4.

The code numbers should be treated as sentence numbers, with the capital letter at the start of the sentence in question providing the code letter. So the start of sentence 5 is 'P'; the start of sentence 7 is 'A', etc.

THE EXIT CODE IS: P A G E S
