There are multiple solutions for this one, depends where your creativity takes you, but this is what we made:

Straw hat (\$2.28) to sit in – this should float. Fill it with shredded leftover **waistcoat** (\$3.60) to make it a bit more watertight. The rest of the waistcoat can be the sail with the **firework** (free) as the mast. Tie one **tea cups** either side (\$1.92) like a catamaran. Steer with the **sardine can** (free). Tie together with **string** (\$1.72) and **24 gumballs** (\$0.48) – leftover gumballs can be enjoyed.
